1. Introduction

1.1. ng homes is a 'contracting authority' for the purposes of the Public (Contracts) Scotland Regulations 2015.

1.2. Procurement is the acquisition of goods, services or works. 'Regulated Procurements' are, for the purposes of the Procurement Reform (Scotland) Act 2014, any contracts in excess of £50,000 for goods and services contracts and £2 million for works contracts.

1.3. ng homes has recently had significant capital expenditure due to the delivery of a fire safety and energy efficiency works programme in its' multi -storey flats alongside a rolling programme of compliance and planned investment works in the remaining stock.

1.4. This Procurement Strategy is to provide a framework for the effective and efficient planning of future procurement activities of the organisation.

1.5. This Procurement Strategy **2024/25** is designed to ensure that ng homes comply with its duties under Section 15 of the Procurement Reform (Scotland) Act 2014 which states that:

- A contracting authority which expects to have a significant procurement expenditure in the next financial year must, before the start of that year, prepare a Procurement Strategy setting out how the Authority intends to carry out regulated procurements.
- An authority which has significant procurement expenditure in a year if the sum of the estimated values of the contracts to which its regulated procurement in that year is equal to, or greater than, £5,000,000.

1.6. The Strategy aims to equip ng homes with the direction required to continue to achieve the overarching goals of sustainable procurement, value for money and effective social responsibility in purchasing. Furthermore, it seeks to demonstrate appropriate standards of governance and accountability in relation to expenditure during the period of the Strategy.

1.7. The Strategy sets out how we will ensure that our regulated procurements will:

- Contribute to the carrying out of our functions and achievement of our purposes.
- Deliver value for money.
- Enable us to treat tenderers equally and without discrimination.
- Demonstrate we act in a transparent and proportionate manner.

- Be compliant with the sustainable procurement duty.

1.8. Furthermore, the Strategy includes statements of our approach to the following key features of sustainable procurement:

- The use of community benefit requirements.
- Consulting and engaging with those affected by our procurement.
- The payment of the living wage.
- Promoting compliance by contractors and sub-contractors with Health and Safety at work etc. Act 1974.
- The procurement of fairly and ethically traded goods and services.

1.9. In a time of ongoing financial pressure, ng homes recognises that commitment to and communication of this Strategy will help the organisation to achieve efficient, effective, and sustainable procurement and in so doing, continue to deliver excellent services which make the best use of both the public money available and the organisation's own resources. The Strategy will help to demonstrate best value, continuous improvement, sound performance management, partnership working, community benefits and sustainable development.

2. Procurement Vision and Mission Statement

2.1. Our mission is to provide quality homes and ongoing community regeneration and empowerment.

2.2. Our priorities are based around five key themes:

- Prudent financial management
- Continuous improvement
- Growing our business
- Creating a positive culture
- Robust governance

2.3. Our approach to procurement, particularly with high value expenditure, has a critical role in assisting with addressing these priorities and impacts on the performance and success of the organisation. The procurement activity of ng homes must support value for money in its

purchasing decisions while supporting financial sustainability, excellent customer services, meeting statutory obligations and environmental legislation.

2.4. This Strategy provides strong procurement governance through knowledge, collaboration, and communication to deliver best value in support of our business activities and seeks to enable our procurement activities to contribute to the overall vision of ng homes.

2.5. In summary, our procurement vision is to achieve excellent procurement performance through advanced sustainable procurement practices for the benefit of ng homes and its stakeholders.

3. Strategic Context

3.1. The Procurement Reform (Scotland) Act 2014 ('The Act') provides a national legislative framework for sustainable public procurement that supports Scotland's economic growth through improved procurement practice.

3.2. The Public Contracts Scotland Regulations 2015 gives ng homes an obligation to ensure, as a 'public body', its' procurement activity is compliant with relevant legislation.¹ ng homes will comply fully with all legislative requirements placed upon it to meet its' sustainable procurement duty.

3.3. As ng homes continues with a period of high capital investment through regulatory compliance works, planned investment and void works over the coming year **2024/2025**, our regulated procurement expenditure may exceed the £5 million threshold set by the Act and we are therefore required to produce a Procurement Strategy.

3.4. Notwithstanding this legislative requirement, the Strategy has been prepared in the context of ng homes' Business Plan **2024-2027**. It seeks to promote efficient, effective and sustainable procurement practices throughout the organisation that will reflect our vision, values and priorities.

1.1 ¹ The Organisation's procurement activities are also guided by:

EU Treaty Obligations; EU procurement directives; Procurement Reform (Scotland) Act 2014

Procurement (Scotland) Regulations 2016

3.5. ng homes acknowledge the need to remain viable and provide services that are affordable and cost effective the customers. ng homes appreciate the opportunities that the procurement function presents to facilitate the delivery of savings and efficiencies through good procurement practice, while also positively contributing to the local economy through the appropriate use of community benefits.

3.6. The following principles must be at the heart of all ng homes' procurement activity:

- Accountability
- Integrity
- Efficiency
- Openness
- Fairness
- Transparency
- Equal treatment and non-discrimination
- Proportionality

3.7. To meet these standards, ng homes will ensure that all staff with purchasing responsibilities understands their responsibility in applying the key principles of public procurement.

3.8. As part of our commitment to continuous improvement, ng homes will continue to develop several procurement frameworks and will also utilise a number of pre-tendered national frameworks.

3.9. Finally, the organisation's internal audit function will continue to cover several procurement and contract management areas as part of the regular audit cycle. The findings from each audit will be reviewed and actioned by the Directorate Team and reported to the Regeneration Committee or Board.
